

MASTER OF BUSINESS ADMINISTRATION - SUPPLY CHAIN MANAGEMENT

The Master of Business Administration (MBA) degree with a major in Supply Chain Management (SCM) is a STEM (Science, Technology, Engineering, and Mathematics) designated advanced graduate program designed to equip students with the technical, analytical, and managerial skills necessary to excel in the complex and dynamic field of supply chain management. This program integrates core business principles with cutting-edge STEM methodologies to provide a comprehensive understanding of supply chain operations, logistics, and strategic decision-making.

Available beginning Summer 2026
